

Tidy Coding

Writing Readable & Maintainable Software

Colleen Sain
eSpark Learning

Tidy?

Writing and maintaining tidy code
makes your team happier and more
efficient.

WHAT

Predictable & Obvious

Extendable

Neat

WHY

Defaulting

Readability

Flexibility

HOW

**Set guidelines,
follow them,*
and enforce them**

***most of the time**

WHY

Convention over configuration

<http://rubyonrails.org/doctrine/#convention-over-configuration>

id

pid

postId

posts_id

post_id

Model / Class	Table / Schema
Article	articles
LineItem	line_items
Deer	deers
Mouse	mice
Person	people

HTTP Verb	Path	Controller#Action	Used for
GET	/photos	photos#index	display a list of all photos
GET	/photos/new	photos#new	return an HTML form for creating a new photo
POST	/photos	photos#create	create a new photo
GET	/photos/:id	photos#show	display a specific photo
GET	/photos/:id/edit	photos#edit	return an HTML form for editing a photo
PATCH/PUT	/photos/:id	photos#update	update a specific photo
DELETE	/photos/:id	photos#destroy	delete a specific photo

HOW

Set guidelines

HOW

1. Simplify
2. Write self-documenting code
3. Be consistent

WHO

You & your team

1. Simplify

Sandi Metz's "*Rules for [Ruby] Developers*"

100 lines per **class**

5 lines per **method**

4 params passed per **method**

1 object instantiated per **controller**

15 files per **directory***

* My rule

collect
detect
find_all
inject
length

map
find
select
reduce
size

**You
Ain't
Gonna
Need
It**

```

3 let quizData = [
4   { // 1. Video games aren't actually bad for kids
5     activity_id_prod: "fa00e75f-8245-46d4-9ba8-ac724e0d1610", // Prod grade 7
6     activity_id: "66cb353a-599a-46b6-b24a-9fc6f7186a38", // Staging grade K
7     quiz_prompt: "The video opens with Anthony saying, \"A new study says video games are totally harmless! ...kind of...in a way\"",
8     correctAnswer: "a",
9     answers: {
10      a: "I think anthony is kidding at the beginning of the video because he doesn't really mean that they are all the way harmful",
11      b: "Anthony is talking about how video games don't really hurt anyone but then they talk about how the study kind of was",
12      c: "Anthony says that video games are harmless because scientists have done research that proves that video games are good",
13    },
14    explanation: "This response points out that Anthony was mostly kidding when he said \"totally harmless\" and also explains how video games can be good for you.",
15  },
16  { // 2. How can video games be good for you?
17    activity_id_prod: "e96f6cc8-a4d4-44ea-832a-12bfeecad239", // Prod grade 7
18    activity_id: "2a19c8c5-1983-4662-8578-366a47ad9164", // Staging grade K
19    quiz_prompt: "Find a quote from the article that best supports the idea that videogames can be good for you. Explain why you think so.",
20    correctAnswer: "c",
21    answers: {
22      a: "\"Do you like to play video games? If you're like many kids, your answer was probably a loud \"Yes!\" And why not? Today's kids are growing up with video games. It's not just a hobby anymore. It's a part of their lives. And it's not just for fun. It's for learning. It's for socializing. It's for everything. So, if you're like many kids, your answer was probably a loud \"Yes!\" And why not? Today's kids are growing up with video games. It's not just a hobby anymore. It's a part of their lives. And it's not just for fun. It's for learning. It's for socializing. It's for everything. So, if you're like many kids, your answer was probably a loud \"Yes!\" And why not?\"",
23      b: "\"Playing video games doesn't have to be just a sedentary activity, though.\" I think this tells me that you can play video games and be healthy.",
24      c: "\"Thanks to exergaming (that's a term for games that combine EXERCISE and GAMING), you can now play video games and get in better shape than ever before.\"",
25    },
26    explanation: "This response uses a quote about a type of video game (exergames) that helps you stay healthy and the explanation of why video games can be good for you.",
27  },
28  { // 3. Can video games make you smarter?
29    activity_id_prod: "a481cdf5-4958-4c55-8083-48663ebf233c", // Prod grade 7
30    activity_id: "ad1b89e0-8f56-475c-bd78-8db78739f3b5", // Staging grade K
31    quiz_prompt: "The narrator mentions that too much broccoli can be toxic. How is that related to the theme of this video about video games?",
32    correctAnswer: "b",
33    answers: {
34      a: "the narrator says that about broccoli because video games are kind of like broccoli, there good for you but too much",
35      b: "The guy in the video says that too much broccoli can be toxic because he wants you to know that too much of ANYTHING can be bad.",
36      c: "he says that because he doesn't think you should eat too much broccoli and too much water becyaas they can make u siiii",
37    },
38    explanation: "This response makes the connection between having too much broccoli and playing video games too much both being bad for you.",
39  },
40  { // 4. Brown researchers believe gamers are able to learn visual tasks faster than non-gamers
41    activity_id_prod: "1e3a48bb-dd01-4461-bf42-9d874a4f9862", // Prod grade 7
42    activity_id: "9691f3bd-25f4-46df-86e8-109ad72cd442", // Staging grade K
43    quiz_prompt: "Give your best summary of this article about gamers vs. non-gamers.",
44    correctAnswer: "c",
45    answers: {
46      a: "Kids who play video games r more creative and can do things faster than kids who arent gamers. They think there are a lot of benefits to playing video games.",
47      b: "gamers are better at most things than old people because they know how tecnoligy works better and can pass tests faster",
48      c: "this article talks about a bunch of different studies that look at gamers and non-gamers. Some of the studies show that gamers are better at visual tasks than non-gamers.",
49    },
50    explanation: "This response gives clear examples of the possible benefits to gaming (creativity and visual memory improvement).",
51  },
52  { // 5. Game on!

2. Write self-documenting code

Avoid comments

*“There are only two hard things in
Computer Science:
cache invalidation and naming things.”*

- Phil Karlton

I, J, K, L, M, N

LOAN === LOSS

SCORE -> SC OR E

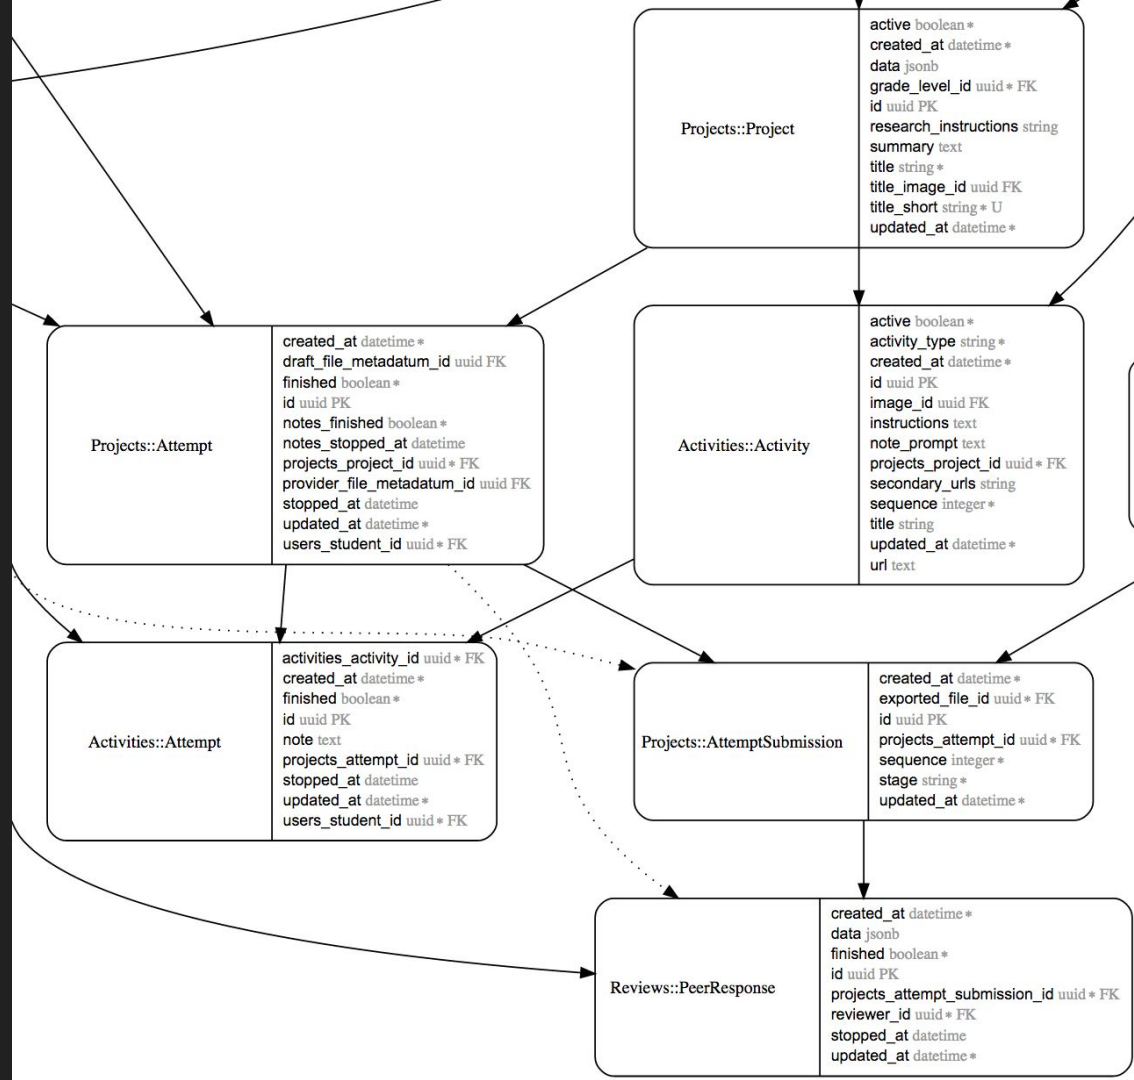

Be concisely verbose with naming

```
def make_person_an_outside_subscriber_if_all_accesses_revoked
  person.update_attribute(:outside_subscriber, true) if person.reload.accesses.blank?
end

def shift_records_upward_starting_at(position)
  positioned_records.update_all "position = position - 1",
    ["position >= ?", position]
end

def someone_else_just_finished_writing?(document)
  if event = document.current_version_event
    !event.by_current_creator? and event.updated_at > 1.minute.ago
  end
end
```

The seven rules of a great git commit message

Keep in mind: This has all been said before.

1. Separate subject from body with a blank line
2. Limit the subject line to 50 characters
3. Capitalize the subject line
4. Do not end the subject line with a period
5. Use the imperative mood in the subject line
6. Wrap the body at 72 characters
7. Use the body to explain *what* and *why* vs. *how*

```
$ git reset prev-sha
```

```
$ git add -p
```

```
$ git commit -m "Add this important feature"
```

```
$ git push origin this-branch -f
```

```
$ git rebase -i prev-sha
```

```
$ git push origin this-branch -f
```

well-labeled
=
tidy

3. Be consistent

Community best practices

Ruby

Consistent class structure

Ruby

- <https://github.com/bbatsov/ruby-style-guide#classes--modules>

Consistent component structure

Function Order

```
let ComponentName = React.createClass({
  propTypes: { },
  getDefaultProps() { },
  getInitialState() { },
  functionsThatInitialize() { }, // in a nested order of appearance
  componentWillMount() { },
  componentWillReceiveProps(nextProps) { },
  componentDidMount() { },
  fetchData() { },
  functionsThatRender() { },      // in a reverse nested order of appearance
  render() { }                    // always last
})

module.exports = ComponentName
```

Consistent & straightforward conditionals

```
# bad
if some_condition
  do_something
end

# good
do_something if some_condition

# another good option
some_condition && do_something
```

Consistent & straightforward conditionals

```
# bad
do_something if other_condition if some_condition

# good
do_something if some_condition && other_condition
```

Consistent & straightforward conditionals

```
# bad
unless success?
  puts 'failure'
else
  puts 'success'
end
```

```
# good
if success?
  puts 'success'
else
  puts 'failure'
end
```

consistent & neat
=
tidy

Consistent formatting

- <https://github.com/bbatsov/ruby-style-guide#source-code-layout>
- Spacing
- Lines
- Indenting
- Quotes

HOW

Set guidelines

1. Simplify
2. Write self-documenting code
3. Be consistent

HOW

**Set guidelines,
follow them,
and enforce them:
easiest first,
all at once**

WHEN

**Set aside time
during weekly sprints**
